NEW SOUTH WALES 2012

Dear Rosemary,

Greetings from Our Chalet!

Words can not express how grateful we are for the continues contribution that Australia Guides Association give to Our Chalet WAGGGS World Center

This year, Our Chalet is celebrating its 75th anniversary! 75 years of buildings and houses, but over all 75 years of friendship, understanding, tolerance, and working toward WAGGGS mission:

“to enable girls and young women to develop their fullest potential as responsible citizen of the world”

Through out the years many people helped to build and keep the guiding and scouting spirit in this house, people like you that not just came and made a difference in the life of each girl who climb the hill to Our Chalet, but who continue supporting our job and understanding the importance of partnership and working together.

Today we do not just want to have a nice house and properties, we want to offer the chance to the members (those who can afford it and not) to come and learn from each other, to share their experience, to leave the center not just with more friends but with the believe that they can make a difference in this world, in the place where we all live and share. Our Chalet is the home of every one, we are all sisters living in peace, beyond the politic situation in the world. Guiding and scouting unites what the wars and the political divided.

•• *“Each race, each creed, each nation
Beneath this roof are one...”*••

Yours in Guiding and Scouting
